THE REPLY FILED 12 November 2007 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE.

1. ☒ The reply was filed after a final rejection, but prior to or on the same day as filing a Notice of Appeal. To avoid abandonment of this application, applicant must timely file one of the following replies: (1) an amendment, affidavit, or other evidence, which places the application in condition for allowance; (2) a Notice of Appeal (with appeal fee) in compliance with 37 CFR 41.31; or (3) a Request for Continued Examination (RCE) in compliance with 37 CFR 1.114. The reply must be filed within one of the following time periods:

- a) ☐ The period for reply expires _____ months from the mailing date of the final rejection.
b) ☒ The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.

Examiner Note: If box 1 is checked, check either box (a) or (b). ONLY CHECK BOX (b) WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

NOTICE OF APPEAL

2. ☐ The Notice of Appeal was filed on _____. A brief in compliance with 37 CFR 41.37 must be filed within two months of the date of filing the Notice of Appeal (37 CFR 41.37(a)), or any extension thereof (37 CFR 41.37(e)), to avoid dismissal of the appeal. Since a Notice of Appeal has been filed, any reply must be filed within the time period set forth in 37 CFR 41.37(a).

AMENDMENTS

3. ☐ The proposed amendment(s) filed after a final rejection, but prior to the date of filing a brief, will not be entered because
(a) ☐ They raise new issues that would require further consideration and/or search (see NOTE below);
(b) ☐ They raise the issue of new matter (see NOTE below);
(c) ☐ They are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or
(d) ☐ They present additional claims without canceling a corresponding number of finally rejected claims.

NOTE: _____. (See 37 CFR 1.116 and 41.33(a)).

4. ☐ The amendments are not in compliance with 37 CFR 1.121. See attached Notice of Non-Compliant Amendment (PTOL-324).
5. ☐ Applicant's reply has overcome the following rejection(s): _____.
6. ☐ Newly proposed or amended claim(s) _____ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).
7. ☐ For purposes of appeal, the proposed amendment(s): a) ☐ will not be entered, or b) ☐ will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.
The status of the claim(s) is (or will be) as follows:
Claim(s) allowed: _____.
Claim(s) objected to: _____.
Claim(s) rejected: _____.
Claim(s) withdrawn from consideration: _____.

AFFIDAVIT OR OTHER EVIDENCE

8. ☐ The affidavit or other evidence filed after a final action, but before or on the date of filing a Notice of Appeal will not be entered because applicant failed to provide a showing of good and sufficient reasons why the affidavit or other evidence is necessary and was not earlier presented. See 37 CFR 1.116(e).

Continuation of 11. does NOT place the application in condition for allowance because:

Applicant repeats the argument regarding art rejection as filed 03/26/2007, and therefore, the examiner hereby repeats the response mailed 06/22/2007.

Regarding the 112/1 paragraph rejection of claim 9, applicants further argue that absent any further evidence from the Examiner regarding why a person skilled in the art would not recognize the description of the invention as defined by the claims with regard to freeze dried substance, it is argued that freeze drying is known in the art, but what is not clear is what are the freeze dried substances used by applicants? the disclosure encompasses all substances that can be freeze dried, and applicants are not in possession for all freeze dried substances.

regarding rejection of claims 66-68 under 112/1 paragraph as lacking support, applicant argue that the drawing show constant thickness, however, the drawing are diagrammatic illustration, and the disclosure disclosed otherwise. In paragraph 0022 of the published application, applicant disclosed that: "These two support layers can be of different roughnesses, porosities, or thicknesses so as to make two different types of application possible depending on which face is selected by the user." In paragraph 0062 applicant disclosed: "The support layers 12 and 13 can be of different thicknesses." In paragraph 0077 applicant disclosed: "The composite structure 40 of the embodiment shown in FIG. 4 comprises an adhesive matrix 41 sandwiched between two support layers 42 and 43 respectively constituted by a polyethylene film having a thickness of 40 micrometers (.mu.m) and by a hydrophilic non-woven cloth with a weight per surface area of 40 g/m.sup.2, made up of a mixture of polypropylene and viscose fibers". In paragraph 0085 applicant disclosed! "FIG. 7 shows a composite structure 70 comprising an adhesive matrix 71 sandwiched between support layers 72 and 73 of different thickness".
